Dear Dwight,

Grace and peace to you in the name of our Lord and Savior Jesus Christ.

Words cannot express how grateful I am for the working relationship that was developed throughout our building project between Fort Worth First and Newsome Construction.

From the very beginning design concepts it was evident that you had great interest in helping us reach our facility goals on time, in budget, and with excellence.

Our weekly meeting with you and your staff were extremely valuable. Your practical insight and professional knowledge provided an informative and relatively stress free experience.

The end result is a handsome and extremely functional ministry facility that has already been used to impact thousands.

Beyond this follow-up concerns were always handled punctually and professionally.

I look forward without hesitation to calling you in the future about our next project.

Sincerely,

C. B. Glidden
